Subject: Draft TOR for preparation of 2021 PNGEITI Report for MSG's endorsement

Dear MSG Members,

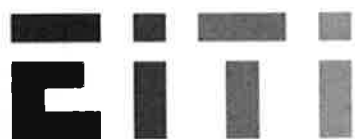

Please find attached the above draft TOR for your review and endorsement. As you are aware, you had resolved in the last MSG meeting to continue publishing this report using the conventional reporting option. Therefore, the 2020 and 2021 EITI reports will be published by July and December respectively this year using the conventional method.

The 2020 report preparation was already procured and the IA is working on it. The attached TOR for 2021 Report is intended to address both the corrective actions from the first validation and the findings that will come out from the second validation scheduled for April this year, as well as the findings/recommendations from the 2020 Report that will be published in July.

Grateful for your review and endorsement before the Secretariat conducts the procurement process. If you could kindly respond by 11th March, 2022 would be greatly appreciated.

With regards,

Lucas Alkan
